

**Playing with your child is one of the most important things you can do to support their development. The time you spend playing together will help them learn all sorts of things – from counting and writing, to exploring and making new friends.**

Our list of 50 things to do before you're 5 will give you lots of ideas to support your child's learning through play - Complete it online or print it off, stick it on the fridge and tick off each activity!

Share and upload photos of you and your little ones achieving each of the 50 things to the TLC Facebook page and once you've completed the list, download your own 50 things to do before you're 5 certificate from the TLC website.
